Issue #2

Connealy Insurance Update

Crop season is officially underway and we couldn't be happier to assist everyone with their crop needs this year! We are writing crop insurance through Hudson and Crop Risk Services (CRS) again this year and have been happy with their service, rates and prompt responses. We are happy to assist with any questions regarding your MPCl and hail policies and the different private products, endorsements and coverage available to best fit your needs.

As always, we are also writing farm, home, auto, business, commercial lines through Progressive, MARM and North Star. The coffee is always on and all are welcome to stop by to check in, converse, and read our farm magazines, newspapers, DTN and more.

We had a great turnout and wonderful time at the meet and greet at Chatterbox Brews! Thank you to all who came and made our event a success.
